

SIDE RISERS

REAR RISERS

Notes:

1. "Riser size" refers to the larger of the supply and return risers on each unit.
2. Risers are protected by a steel riser cover extending the height of the cabinet. Risers are clamped to help prevent movement during shipment and jobsite handling.

RISER SIZE	MINIMUM J	MINIMUM K
3/4	6	10
1	6	10
1 1/4	6	10
1 1/2	6	10
2	6	10
2 1/2	8	11

All dimensions in inches.
