
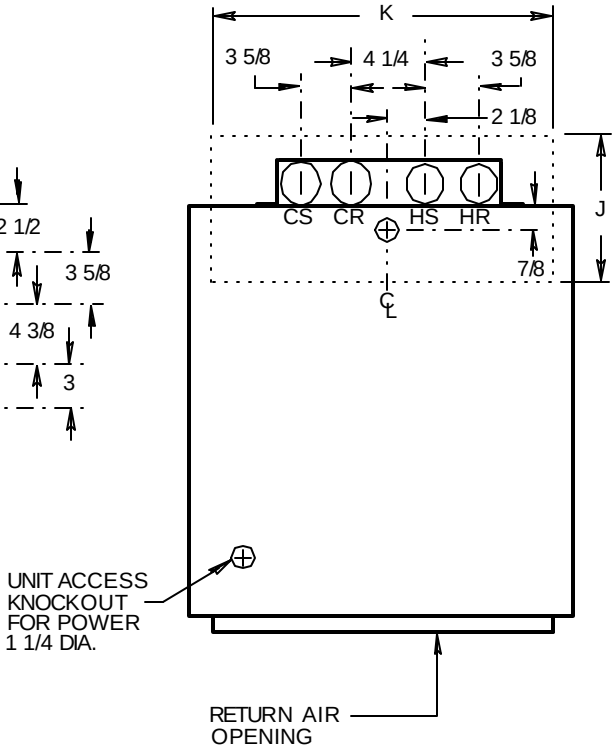
SIDE RISERS



REAR RISERS

Notes:

1. "Risersize" refers to the larger of the supply and return risers on each unit.
2. Risers are protected by a steel risercover extending the height of the cabinet. Risers are clamped to help prevent movementduring shipment and jobsite handling.

RISER SIZE	MINIMUM J	MINIMUM K
3/4	6	16
1	6	16
1 1/4	6	16
1 1/2	6	16
